

Formulae Series

- ✓ Designed for the large venues, such as hotel banquet hall, amphitheater, auditorium, exhibition hall, church, theme parks etc. with very high ceiling.
- ✓ With the single motor and roller structure, these screens utilize two sturdy and reliable steel wires to realize the screen structure moving up to 5 meters instead of having the ultrahigh top black drop to lower the viewing area to the desired position.
- ✓ Positioning the viewing area at the desired level can be done by the integrated remote controller.
- ✓ The self-tensioning system ensures the flattest surface for getting a high-quality projection image.
- ✓ It is presenting a neat and aesthetically pleasing appearance and user-friendly experience.
- ✓ Maximum screen size: 250" (16:9)
